

SIPSPRAY base oils for Crop Protection Spray Oils

SIP LTD's have developed a white oil, **SIPSPRAY 12**, specifically for producing superior **Crop Protection Spray oils** when blended with suitable emulsifiers, to give a high degree of pesticidal effectiveness coupled with low phytotoxicity.

SIPSPRAY 12 has a particularly high **Unsulphonated Residue** and, with its excellent distillation characteristics, will meet the stringent requirements of the Florida Citrus Spray oil specification, FC 435-66 and the Californian Narrow Range oil specification, NR 440.

Benefits of the SIPSPRAY base oil for blending Crop Protection Spray Oils

- Low phytotoxicity
- Good pesticidal effectiveness
- Very narrow distillation
- Harmless to people, animals and the environment
- Low odour & colour
- Low aromatics
- High paraffinicity

SIP LTD is a leading international supplier of speciality oils & fluids, including white oils for the cosmetic / pharmaceutical industries, industrial lubricants and drilling fluids.
